VOLUME 1.

DOTHAN, ALABAMA, TUESDAY EVENING, MAY 19TH, 1909.

NUMBER 198

CLOSE CALL

**J. E. Wise and J. W. Tipton
Narrowly Escape Bullet Fired
By Unknown Party.**

Sunday evening while J. E. Wise and J. W. Tipton were on the Coast Line train going toward Montgomery, some one fired at the train just west of town. The ball came very near striking Mr. Wise, as it came through the window, and buried itself in the side of the car. Mr. Wise and Mr. Tipton were sitting on the seat together next the window where the ball came through.

ICE CREAM.

The ladies of the Missionary Society of the First Baptist church are giving an ice cream festival on the court house lawn this afternoon and tonight. The money raised is for a worthy cause. It is to send Miss Florry White to foreign fields as a missionary. She is well known in Dothan, being the daughter of former pastor of this church, Rev. I. A. White, and it would be particularly nice for the Dothan people to contribute liberally to this cause.

The cream will be served on up till ten o'clock tonight.

IMPORTANT.

Every member of our church requested to be present at Prayer Meeting Wednesday night. Very important business to be brought before you.

FEDERAL COURT

**GRAND AND PETTY
JURORS DRAWN**

**But Will Not Be Summoned Until
It Is Known When Court
Will Be Held.**

Preparations are being made for holding the first term of Federal Court in Dothan. The statutes fix the first Tuesday in June as the regular time for court to be held, but it is thought that this term will not be held at that time. Deputy Marshal Kelly and Deputy Clerk Crawford today drew the Grand and Petty jurors, but they will not be summoned until it is known when court will be held. Deputy Marshal Kelly left this afternoon for Montgomery to get an order for convening of court. We will publish a full list of the jurors when the date is known.

J. B. HANSELL DEAD.

A telephone message was received here about two o'clock that Capt. J. B. Hansell, of Jakin, Ga., was dead. None of the particulars are known yet. He was a resident of Dothan for several years, and was the father of T. W. Hansell, Superintendent of the Coast Line at Jacksonville, and I. J. Hansell, of Gainesville, Fla. He was a Confederate soldier, and about 75 years old.

A FISHING PARTY FROM GOSHEN

A fishing party from Goshen came in this morning on the Coast line and left at 3:15 for the Bay. They had quite an array of poles, bait, tents and packages and a colored gentleman to cook and keep everything in order. The party was composed of Messrs. J. A. Stallings, F. M. Golden, T. M. Rogers, T. A. Beard and C. T. Spradley.

THE BIGGEST EVENT OF THE SEASON.

The Minstrel to be given at the Elite tomorrow night, is going to be the event of the season, and no other attraction was ever advertised in Dothan that is causing the talk on the streets that is accorded this entertainment. The boys are all thoroughly imbued with the spirit of success, and they will not leave a stone unturned that will add in any way to make the occasion a success. They are now practicing in the costumes that they will use on the stage tomorrow night, and are preparing for a big street parade tomorrow afternoon taking in all the popular thoroughfares of the city.

The music for the occasion representing the best musical talent in Dothan, five pieces perfectly harmonious—Crary, Violinist; Fritter, Clarinet; Matthews, Cornetist; Parker, Trombonist; Miss Harrison, pianist.

Bear in mind that this minstrel may be attended by the most refined lady in Dothan without fear of embarrassment, and that the advance sale of reserved seats is now on. If you would have the best, or in fact if you want a reserved seat at all, you had best go to Smith's Drug Store now and have it reserved.

PREACHING TONIGHT.

Mr. L. M. Bailey will preach tonight at the court house. Everybody is invited.

WITH THE RAILROADS

Mr. W. R. Beauprie, General Manager for the A. and St. A. B. Road has returned from a trip to Atlanta.

The Atlanta and St. Andrews Bay Road has recently made a good size purchase of equipment consisting of nineteen passenger coaches and five locomotives. The first of the passenger coaches has been delivered and went out this morning attached to train No. 1. Two more coaches will be delivered on the 26th of this month. The locomotives will not be received until some time during the summer.

BARACA PIGNIO FRIDAY

On next Friday morning (21st) at 5:30 o'clock, a special train will leave the Central station with the Baraca and Phylathea Classes of the First Baptist Church. The teachers, Rev. W. M. Anderson and Mr. S. A. Stapleton will accompany their classes.

The young ladies of the party are requested to furnish dinner baskets for the party, and the young men will do the rest. It is very important that every member of the party be at the train promptly at 5:30.

CLAYTON FISHING PARTY

Messrs. O. B. Pruitt, W. E. Houston, F. P. Watkins and C. E. Watson of Clayton spent last night in Dothan and left this morning for Panama, St. Andrews and other points in Florida on a fishing trip.

M. CHERRY
DOTHAN - ALABAMA

They still hang a Turk every now and then just to keep up notice.

Captain Hains will work for the state anywhere from eight to sixteen years. He doesn't know himself how long his sentence will be.

"Why, Dothan is a larger place than I thought it was," remarked a visitor on his streets yesterday. Of course it is. Fact is, it is nearly as large as Dothan people think it is.

We will just have to wait awhile on young America here in Dothan. We haven't got enough grown-ups to put up an interesting game of base ball or they are all too busy, one. Some young timber is coming on that will give Dothan a mighty fancy nine within a year or two.

Dothan is preparing to entertain the Alabama editors in a manner that will be at once pleasing to the editors and reflect credit upon itself. The Dothan newspapers are urging the citizens to put forward their best foot on the occasion of the editorial visit and from the public spirit and the enterprise of the citizens of the community in the past these appeals to the pride of Dothan will not prove fruitless even if they be necessary. The press association meets in Dothan just a month from now. The members are all anticipating a delightful time and they will have it. Dothan will make the editors feel that they have dropped into a metropolitan city. Dothan, though a youth has a way of acting just like the biggest and the best.—Montgomery Journal.

Hardly can a citizen of Dothan be found who does not expect to take a trip during the next three months. Some expect to go on on the Pacific coast, starting in at the lower end of California, and going on to the World's Fair, and back by the northern route. Some will go to Chicago for an outing, though why any one should want to go to Chicago for any sort of an outing is not to be explained, except for a change. Some will go to New

York, and to Boston, and other eastern points. Some may go to Montgomery or Jacksonville, when the excursion comes along. Others will go to Panama City and St. Andrews, and some will visit relatives in one place, and some in another, but all expect to go somewhere during the summer, if but a day or two.

Most of the big western railroads have sat down good and hard on one thing. They don't say that a man has no right to drink whiskey, but they do say that he has no right to work for them if he does. So the ultimatum has gone forth over most of the great railways systems that a bad breath is a bad sign, so bad in fact, till they reserve the right to cut such a breath, along with its owner off their payrolls. Railroads after all, or the men who manage them, know that the highest average of service comes from the man who makes a high average for sobriety. There may come a time when a bad breath will bar the man from many places which still admit him, and when a man's job is interfered with, he will interfere with the thing that brings it about.

DISTANCES.

Distances close up powerful fast as one grows older. We can remember of hearing of a man who brought from the old country, a bottle of water said to have been dipped out of the river Jordan. We remember how we had our doubts about it. We knew there was such a river, but just how one ever got there and back, during one life time, was too much strain on our faith. We figured that it would be an easy matter for that bottle to be filled at a branch, nearby home, on the return trip, which would have served every purpose. Then later along in life, the man who had been to New York, was a wonderful sight to behold, and Texas—it was the extreme western limit. One couldn't think of a man's going to Texas and back under several months, and we always looked for the black mud on the moccasins, or for a pair of spurs and a .45 Colts. But as we grow older these distances are closing up so fast till it is not such an uncommon thing to see men who have been all around the world and back. A man leaves here one afternoon and a week later returns, having been to New York, shopping for a couple of days, or he may run over to London in Paris, and get back before the people of home miss him good. When he comes walking down the street, thinking how they have all been missing him, he gets a jar change. Some will go to New

York, and to Boston, and other eastern points. Some may go to Montgomery or Jacksonville, when the excursion comes along. Others will go to Panama City and St. Andrews, and some will visit relatives in one place, and some in another, but all expect to go somewhere during the summer, if but a day or two.

HUNTING.

A man may pack his pump gun in a canvas bag with a leather handle, buckle on his leather leggings and swing his bloodstained hunting coat on, signal the bird dog and spend a day in the woods, just when the blackgum leaves are turning red, and he may come home at night with no birds. Every hunter has his off days. He may follow a half-hound over a section of country in the night time when possums and possums are best, and never split a green pole to put the tail of a possum in. He may take his half-hound and half fee, and go out some quiet afternoon where the squirrels are sealing up and down every hickory tree, or beech tree, and never get a shot and never be out of barking distance of the squirrels. Such days never discourage the hunter. He will go soon the next morning and make up for it.

Hunting differs, very much. One may come back from an all day's chase, and bring nothing to show that his day hasn't been lost, but it's different when he goes looking for trouble. The man who never has luck hunting anything else, is always lucky when in search of trouble. He finds, or anybody finds, that trouble lurks around till you must discover it. It is the gentlest game the sportsman pursues. From the time he chafes up to the teeny biddies, and the old hen gives him a road on till he grows up and stands for office, he finds trouble with out hunting for it.

Trouble awaits around the corner, or over the hill, for any hunter who wants to take a shot. It is not necessary to take a seat on the wing. It is only necessary to wait till you can take a shot, and fire at will.

This weather, if you don't mind is coming along like May weather, behaving itself, and making the atmosphere feel like one ought to hear the buzzing of the bees around the gun, and smell the burning rags used to smoke the bees back out of the way.

We are aware of the deep hold that materialism has on the human mind and heart. How prone we look only to that side which has in it the ring of Gold.

With what deference we fall down before its coffers, and with what supreme, becoming attitudes we present ourselves to those who have obtained Gold, though they purchased it through the tears of suffering women, and wails of innocent children.

However in law, Medicine and business, there are oasis in the lives of men and women, who have put human life above that of a dollar.

We say it truthfully, we only claim for our remedies, what we write on our labels, and circulars.

If you need a cough syrup, a liniment, a headache tablet, a digestive, a tonic, a pill, or Blood medicine, those bearing our name are in quality reliable. Our time is given in preparing them so that, in taste, they are acceptable. They give relief for the conditions we name, and there is no evil after effects, in their use.

Watch Repairing always has been a hobby of ours to do the Best Work possible. . . .

Is it always fast or slow? Never quite on time? Perhaps the watch is capable of very accurate running, but it is not in perfect order. You know the tiny mechanism of a watch absolutely demands that each of the dozens of little parts—springs, wheels, jewels, etc.—be just right, or good timing is out of the question.

for those who have a lawn and
flower beds, whether at an ex-
tensive country place or a small
suburban home, are the right kind
of a lawn mower and serviceable
garden hose. If you get the kind
sold by

BENNETT HARDWARE CO.

you will not be wasting your mon-
ey, but will own an easy running
mower and hose that is made to
last and to stand all pressure
you can put it to.
